Ragtime Sinner

Ragtime said he's gonna sail away
Ragtime said he's gonna sail away
Well he's gonna find himself
Gonna find himself a better day
But there ain't a damn place alive where you won't decay

I'll take all you sinners where the sun don't shine
Gonna feel your body sinking down
Like a Ragtime sinner, gonna leave your body
Gonna leave your body when you fall

You're gonna die

Sasquatch said he's gonna drive around the storm
Sasquatch said he's gonna drive around the storm
Well he's gonna find a place
Gonna find a place that he can be re-born
Cuz he's sick of all the motherfuckers lyin, cheatin, yellin scorn

I'll take all you sinners where the sun don't shine
Gonna feel your body sinking down
Like a Sasquatch sinner, gonna leave your body
Gonna leave your body when you fall

You're gonna die

Fishgutzzz said he's gonna ride the rails
Fishgutzzz said he's gonna ride the rails
Well he's gonna find a way
Gonna find a way where he won't fail
He ain't afraid of thunder, lightning, rain, or snow, or sleet, or hail

I'll take all you sinners where the sun don't shine
Gonna feel your body sinking down
Like a Fishgutzzz sinner, gonna leave your body
Gonna leave your body when you fall

I'll take all you sinners where the sun don't shine
Gonna feel your body sinking down
Like a Ragtime sinner, gonna leave your body
Gonna leave your body when you fall

You're gonna fall
